NEWS

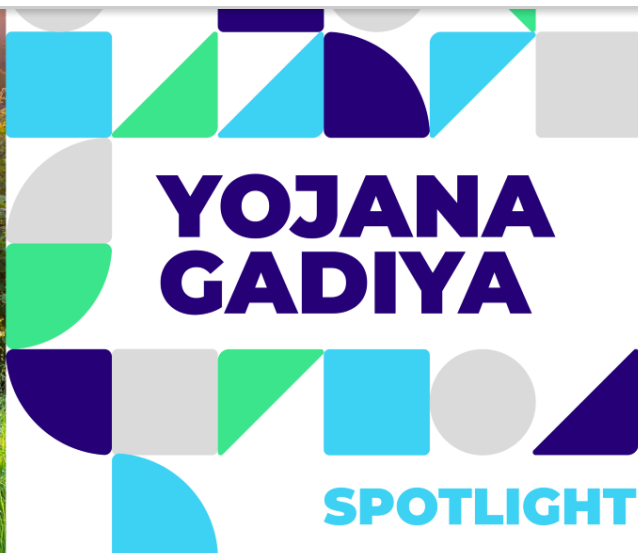

Newsletter | November 2024

In this quarterly IDERHA newsletter we put a **researcher in the spotlight**, present our **transparency ambitions**, and share a **video interview** with one of our Patient Advisory Board members. Also, November is **Lung Cancer Awareness Month** (LCAM), a worldwide initiative to draw people's attention to lung cancer. Keep an eye on our [website](#) and [LinkedIn](#) to follow our commitment to LCAM's goals.

IDERHA is a pioneering research project funded by the EU that aims to build a digital platform that integrates health data to help researchers, clinicians and patients to improve patients' outcomes. More information on our [website](#).

IDERHA in the spotlight: Yojana Gadiya

In our interview series about the people that drive IDERHA, we spotlight Early Career Community member Yojana Gadiya. Read about her fascination about becoming a scientist and what she would like to learn from Agatha Christie over dinner. [Read more.](#)

Introducing the Transparency Statement

Recently, we published IDERHA's Transparency Statement, giving an overview of how we define the procedures concerning the flow, communication, and dissemination of information, data, and findings. [Read more.](#)

IDERHA teams meet for a deep-dive in its infrastructure

Beginning of September, several IDERHA researchers came together to assess the development status of our federated infrastructure. [Read more.](#)

Interview series with the PAB members of IDERHA

Today, we publish the second video interview of a series with the PAB members of IDERHA. Cristian Andricu is one of these PAB members and was interviewed about the role of the PAB in IDERHA, and his ambitions for the project. [Read more.](#)

Transformer models in biomedicine

Soon after IDERHA's first publication, we are happy to announce that work package two published their work in BMC Medical Informatics and Decision Making. The publication dives into the world of transformer models in biomedicine. [Read more.](#)
